

**42nd ANNUAL MEETING OF THE HISTIOCYTE SOCIETY
2026 ABSTRACT GUIDELINES**

Abstract applications must be submitted using the online Abstract Application Portal. All users will need to enter their email and create a password specifically for this portal. **If you submitted an abstract previously, you must still create a new account.** The portal is new each year. **This log-in information is NOT the same as your histiocytesociety.org username and password.**

The deadline to submit your abstract is May 8, 2026 at 11:59pm Eastern Time (US)

Submit your abstract here:

Note About Multiple Abstracts: If you have multiple abstracts to submit or if you already submitted an abstract during the regular abstract submission period, you may use the same email address to apply.

Please refer to the information below to prepare for the submission of your abstract application online. Please note: Only work that has not previously been published will be considered for acceptance.

PRESENTING AUTHOR INFORMATION

Provide complete contact information for the author who will present the abstract at the Annual Meeting, including:

- Full first and last name
- Professional suffix (MD, PhD, etc.)
- Institution
- Address
- City
- State/province

- Postal code
- Country
- Email address (will be used for all communications in regard to the abstract being submitted)
- Phone number
- Fax number

ABSTRACT INFORMATION

Type of Abstract Presentation Requested

Late breaking abstracts that are accepted will be eligible **ONLY** for oral presentation, in person at the meeting.

Abstract Title

List the complete title of the abstract in Title case.

Abstract Authors

- List the full first and last names of all contributing authors by first name then last name.
- The presenting author should be listed first.
- Do not include degrees, titles, or appointments.
- Do not use initials.

Institutional Affiliations

List the institutional affiliations of contributing authors. Please include **superscript numbers** indicating a link between a listed author and a listed institution.

Names of cities and countries with two words should be written in upper and lowercase letters (e.g. Czech Republic, South Africa, Los Angeles, St. Louis). For US authors, the city and state must be listed (e.g. Chicago, IL, Newark, NJ).

Abstract Text

Abstracts should adequately describe the objectives and results of the research. Provide the complete headings and text of your abstract according to the guidelines below.

Applications that do not comply with the format below will not be reviewed or considered for presentation at the meeting.

1. **Do not exceed 300 words** in the text of the abstract; more than 300 words will not fit within the allotted text box in the online Abstract Application Form.
2. The text of the abstract may not contain any tables, graphs, or lists.
3. Periods should be used in numbers for decimal points, not commas (e.g. P=0.015).
4. Numbers containing more than 3 digits should have a comma (e.g. 3,000).
5. Abbreviations should be defined on first usage, then use of abbreviation alone is acceptable (e.g. Langerhans cell histiocytosis (LCH), then referred to as LCH in subsequent mention).
6. The text of the abstract must contain these four headings/sections in one (1) continuous paragraph. Do not separate sections on new lines. The next heading should be listed and begin on the same line as the previous heading/section:
 - Purpose - an introductory section indicating the purpose of the study
 - Methods - a brief description of pertinent experimental procedures
 - Results - a summary of the new unpublished data
 - Conclusion - a statement of conclusion

Abstract approval/status notifications will be sent to presenting authors only on or around June 30, 2026.
